

Artists in Education (AIE) Residency Program - Artists

Artists who wish to become eligible to conduct school residencies in the Council's cosponsored **AIE** program must apply for review through the Residency Artists Certification process.

Eligibility Criteria

Professional practicing artists in all disciplines whose work is of high artistic quality and who can demonstrate the commitment and ability to work effectively as an artist-in-residence in an educational setting are eligible to apply for an AIE Residency.

Arts producing organizations, including performing companies, ensembles and artist teams, are also eligible to apply. Applications must include a description of the services the organization or team can provide for a residency and be completed by the artist who would lead the residency. Resumes and references should be included for the lead artist and for each member of the group or team applying.

Reapplying Artists

AIE artists must reapply every three years to renew their eligibility.

For more information please see the [AIE Guidelines and Application](#) for artists.
